COMPETITOR

IMPORTANT CORONA VIRUS TYRE FITTING INFORMATION

Please be aware that in order to comply with the new Government and Motorsport UK Corona Virus Guidelines, which require us to implement designated drop off and collection areas, a social distancing zone, a competitor decontamination tyre process and various other criteria, this will inevitably lead to trackside tyre fitting taking longer time and added expense to comply.

With this in mind, we suggest it prudent that any competitors with access to professional tyre fitting facilities should consider purchasing tyres prior to events.

May we also ask, in order to assist us at events, that competitors requiring tyres, where possible, contact us prior to those events.

Despite the new restrictions, the fitting of new tyres will continue to be free of charge and take first priority over all other work.

All other work will take place as and when time allows and will now incur a nominal charge of £12 + VAT per wheel.

Regretfully the “**new normal**” Coronavirus Guideline restrictions placed upon us necessitate these enforced changes and charges.

We continue to assure you of our best endeavours at all times and look forward to seeing you safe and well at the next meeting.
